

# LANBI

Customized machines

## MISSION & QUALITY

Industrias Lanbi intends to consolidate itself as a **worldwide reference**, providing customized solutions for the manufacturing of steering and suspension systems in the automotive sector, in a **sustainable** way. Backed up by the **knowledge** and the **experience** acquired during the last 50 years and driven by the **passion** and **commitment** of our workers, Lanbi promotes the **innovation** and delivers **efficient solutions** which **meet the expectations** of our customers and stakeholders.

For the fulfillment of this purpose, Lanbi establishes the following **guidelines**:

- **Meet** all the **customer** and other **stakeholders' requirements and expectations, legal requirements**, and standards in terms of **Occupational Health and Safety** and all the additional **legislation and regulation** applicable.
- Promote **continuous improvement at all levels** of the organization.
- Encourage the **involvement and motivation of our workers**.
- Integrate the different management systems in a **Lanbi Global Management System**.
- **Promote circular economy** focusing on the **reparation and reutilization**.
- Provide a **safe working environment** that protects the health of our workers by means of the **mitigation and elimination of the risks** of occupational accidents and illnesses.
- **Implement First Time Quality Strategy** in the organization to increase the efficiency and profitability of our processes.

To this effect, the top management commits itself to provide the means and resources required for the achievement of this purpose.

LAN-BI, S.A.
